# Shipping Service

Providing vessel agency, NVOCC operations, and bulk cargo handling, ensuring smooth and efficient global trade movements. Expertise in navigating maritime logistics with precision, reliability and compliance.

The NVOCC arm of Parekh Group, Ceekay Shipping is the fastest-growing special equipment carrier globally.

We extend unmatched services to our global project partners. With a robust special equipment fleet and a focus on innovation, we provide seamless OOG solutions tailored to meet the unique demands of our clients.

## Liner Shipping

Parekh group has been the most trusted and renowned brand in Liner shipping for over more than seven decades. Having offices across India and also at overseas like Dubai, Singapore, Malaysia and Thailand it always gives the client an extensive support and services. The concept of a door-to-door solution has been pioneered by the group and has been able to provide the best of the services to all stake holders. The exemplary team of Liner division has been always being customer focus which has been appreciated and applauded by many customers and the principals. Time and again Parekh Group has proved to be one of the best agency houses of all times in successfully Establishing any new shipping line coming to Indian subcontinent as well as overseas.

## Non-Liner Shipping

With over three decades of experience, we have reached new heights through unparalleled expertise and a strong rapport with port authorities, customs, and relevant governing bodies. Our operational approach ensures seamless and timely delivery for our clients consistently. Leveraging our extensive industry knowledge, we navigate complex logistics effortlessly. Our commitment to maintaining cordial relationships allows us to streamline processes and overcome challenges with ease, ensuring exceptional service at every step.

- **Chartering & ship broking**

Our unparalleled brokering services, backed by an extensive dry cargo chartering portfolio and a dedicated team of esteemed mariners, ensure optimized output to meet the diverse needs of our clients.

- **Project & RORO services**

We work closely with some of the leading shipping lines and Ro-Ro carriers to ensure top-of-the-line service to clients inside as well as out of India.

- **Offshore agency**

Our extensive list of off-shore offerings include timely and personalized service to the indian offshore oil and gas industry, custom clearance services, handling & transportation services, crane rental & freight forwarding services and tugs and barges.

# Logistics Solutions

Offering multi-modal freight forwarding, warehousing and CFS operations, ensuring seamless cargo management from origin to destination. A tech-driven approach enhances efficiency, real-time tracking and optimized supply chain solutions.

LOGISTICS  
& BEYOND.  
DELIVERED.

Seabird is a leading logistics powerhouse with four key verticals, offering end-to-end supply chain solutions. Seabird Marine specializes in CFS operations, ensuring seamless cargo handling. Seabird Logisolutions provides advanced warehousing, contract logistics, cold chain solutions and value-added services.

SLL Integrated Logistics excels in freight forwarding, project handling and global logistics through top-tier network affiliations like GLA, XLP, Atlas and WCA. With a strong focus on quality, relationships and efficiency, Seabird continues to set industry benchmarks in logistics, transportation and distribution.

# Seabird Marine – About Us

Seabird Marine stands as a pioneer in the field of Container Freight Stations, offering strategically located and highly efficient CFS operations across key Indian ports such as Nhava Sheva, Mundra and Hazira. Built on a legacy of operational excellence, Seabird Marine manages high-volume, time-sensitive cargo flows with advanced infrastructure and deep regulatory expertise.

With a commitment to precision and safety, Seabird Marine handles a wide range of cargo types including import-export shipments, hazardous goods and specialized cargo. The facilities are supported by 24/7 surveillance, container repair units, OCR/GPS-enabled tracking systems and robust value-added services. Backed by decades of know-how and a future-oriented approach, Seabird Marine continues to redefine the benchmarks for CFS operations in India.

# Hospitality

Delivering luxury hotels, resorts and commercial developments designed for comfort, elegance and world-class experiences.

Focused on innovation, exceptional service and creating remarkable destinations for travelers and businesses.

Gnosis Ventures is the agri-business vertical of Gnosis, focused on building smarter, cleaner and more transparent food supply systems for India and beyond. It encompasses innovative ventures that blend traditional trade with modern agricultural practices.

At the core of Gnosis Ventures is Beyond Greens – a forward-thinking company that leads both our fresh fruits and vegetables trading and hydroponics cultivation. From bulk sourcing to sustainable farming, Beyond Greens is redefining how fresh produce is grown, handled and delivered.

With deep supply chain integration, a farmer-first approach and a strong focus on quality and safety, Gnosis Ventures is shaping the future of food – responsibly, efficiently and sustainably.

At Gnosis Infradevelopers, we build more than just structures – we build trust. As a future-ready real estate company, we are committed to delivering exceptional quality, efficient pricing and industry-defining timelines.

Our approach combines engineering precision with cost intelligence, enabling us to deliver high-value developments that stand the test of time. With every project, we set new benchmarks in execution speed, transparency and sustainability.

Backed by the legacy of the Parekh Group, Gnosis Infradevelopers is here to shape modern India's urban future with efficiency, integrity and unmatched consistency.

Gnosis Hospitality is the luxury experience arm of Gnosis, where refined aesthetics, impeccable service and world-class operations come together to create unforgettable stays.

We bring genuine warmth and attention to detail to every corner of our properties, ensuring every guest feels seen, heard and valued. From design to dining, from check-in to check-out, every moment is curated with purpose.

Guided by the vision to be among India's top-tier hospitality brands, we blend cultural richness with global standards - delivering what we call responsible luxury with a soul.

Backed by the legacy of the Parekh Group, Gnosis Infradevelopers is here to shape modern India's urban future with efficiency, integrity and unmatched consistency.

Gnosis Food Ventures is India's next-generation food platform - where innovation meets taste and ambition meets experience. We are bringing celebrated international chains and original home-grown brands under one roof, curated for the modern Indian consumer.

From casual dining to quick-service formats, every brand we launch is backed by culinary excellence, operational intelligence and a deep understanding of evolving consumer tastes.

With a growing presence across Mumbai and plans to scale nationally, we are on a mission to transform how India eats.
